

A woman with her hair in a ponytail, wearing a white knit sweater and a blue apron, is focused on working with plants. She is using a knife to handle a small plant in a pot. The scene is set in a garden with a rustic, weathered wooden wall in the background. A yellow raincoat hangs on the wall to the right. In the foreground, a round table with a brick-patterned top is covered with various gardening supplies, including several black plastic pots with young plants, a white spray bottle, a green bag, and a tray of seedlings. The overall atmosphere is one of a dedicated and eco-friendly gardening space.

# WASTE MANAGEMENT

Waste management is the key to solving our planet's pollution problem.

The most important question to be answered is;

**Where do I dispose a product without harming our planet?**

Here is our waste disposal guide:
